

## Terra Alpha Investments Summer 2022 Internship Opportunity

We are accepting applications for our summer 2022 equity research internship. Interns will learn from and work with our investment team on various public equity research projects covering a broad range of topics in sustainable investing. We expect this internship to yield decision-useful research to the firm and be a valuable learning experience for the intern.

Responsibilities include:

- Conducting research on a variety of topics, such as: secular thematics, economic trends, developments within sustainable investing, and strength and sustainability of businesses
- Working closely with several members of the investment team to collaborate on research projects
- Presenting research findings to the investment team
- Making recommendations to the Chief Investment Officer based on research

Competitive candidates will:

- Be interested in sustainability and/or interested in the intersection of traditional business analysis and environmental research
- Bring diversity of thought, background, and lived experience to the team
- Be self-motivated and able to meet deadlines with limited supervision
- Be at least a junior in college though life experience will be taken into consideration
- Have strong interpersonal and communication skills

Note: Academic or practical experience in finance or environmental science is not a prerequisite to applying for this internship.

Details:

- Compensation will be a stipend of \$600 per week
- The internship is expected to be in person but may be partially or fully remote, depending on the state of the pandemic and individual circumstances
- The internship will last between 8 and 12 weeks
